LONDON
& PARTNERS

INTRODUCTION

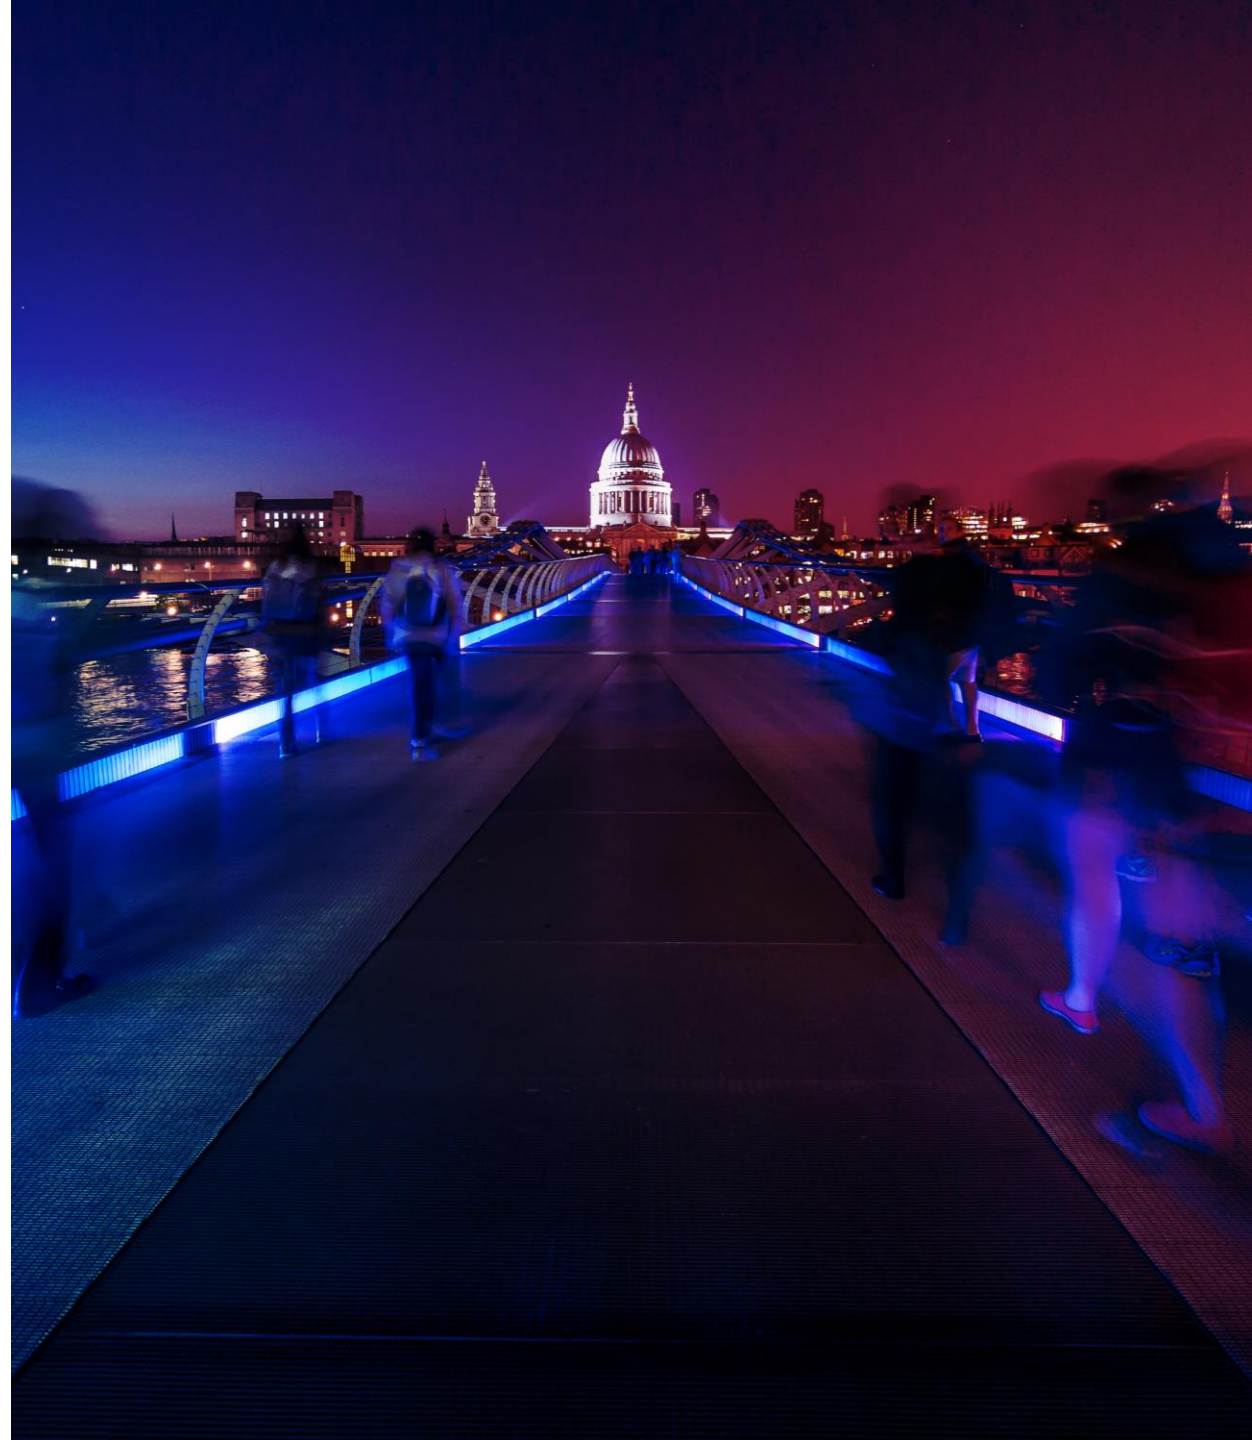

JOIN US FOR LONDON TECH WEEK 2 – 11 SEPTEMBER 2020

London Tech Week is an opportunity to bring the tech community together to forge connections and celebrate the positive impact of technology on our world. This year, the virtual festival will cover themes aimed to consolidate the conversation around global recovery and shine a light on the innovative technologies paving the way forward.

As co-founders of London Tech Week, London & Partners is working with Informa to curate the flagship events of the 2020 programme to best serve our client and partners. **This toolkit is aimed at:**

- **Supporting attendees to navigate** the breadth of events taking place during London Tech Week – including flagship events and fringe events
- Categorising events according to their sectors to **facilitate networking within a specific ecosystem**
- **Outlining key information** and highlighting high profile speakers for specific events
