

**To Whom it may concern**  
**Regarding the vacancy in the BBBA Board of Directors**

Dear valued members,

With this letter I would like to express my interest and motivation for a mandate in the BBBA Board of Directors.

Through Flow Logic, we have been members of BBBA for almost four years now. For this period I could see the community and ecosystem growing, maturing and evolving, and turning into one of the most recognized and valued chambers of commerce in Bulgaria. During these years we could embrace the BBBA agenda with Flow Logic too and could find each year a meaningful spot and occasion to contribute for enriching or bridging the community with relevant subjects and financial support, corresponding to our competences and size.

With the Board of Directors vacancy I see an opportunity to bring further value for the BBBA ecosystem. With my knowledge, experience, motivation and energy, I am confident that I will bring tangible impact in multiple areas such as foreign investment, talent, and future development. I am equally willing to work with the BBBA core team and with the other directors, as relevant, in support of their initiatives or subjects that are progressing or are in prospect phase.

The rich (20+ years) professional experience I bring, together with the four mandates of service as a board member in an industry association (AIBEST) are strong prerequisites for an easy start and quick embracing of the role in the BBBA Board of Directors.

Especially in the last 18 months we could connect with many of you during the various initiatives and events organised by the team. So I am now more integrated than ever in our community and have the needed comfort to commit to all of you with service promises.

I look forward to meeting as many members as possible at the Annual General Meeting and to getting the trust and the votest that will win me the mandate, so that I can prove my words in action.

Sincerely,  
Maya Milanova

Sofia,
